PROFILE SUMMARY

Dedicated FullStack Developer with 6 months of internship experience at Besant Technologies and hands-on SQL, HTML5, CSS3, Bootstrap, JavaScript, ReactJs and Python. Eager to contribute to dynamic projects and expand skill set within collaborative teams.

INTERNSHIP EXPERIENCE

- **Company Name** - Besant Technologies
- **Role** - Full stack Developer
- **Duration** - July 2024/2025-Present

EDUCATION

St. Joseph's College (autonomous) <i>B.C.A- Bachelor Of Computer Application CGPA - 7.0%</i>	2021 – 2024 <i>Trichy, TamilNadu</i>
GOVERNMENT HR.SEC.SCHOOL <i>XII Percentage - 79%</i>	2020 – 2021 <i>Trichy, TamilNadu</i>
GOVERNMENT HR.SEC.SCHOOL <i>X Percentage - 72%</i>	2018 – 2019 <i>Trichy, TamilNadu</i>

COURSEWORK / SKILLS

- **FRONTEND** - Html, Css, JavaScript, React.js
- **BACKEND** - Python, Sql

PROJECTS

Portfolio Html, Css, Bootstrap, JavaScript	2024
• The portfolio website is built using HTML, CSS, JavaScript, and React.Js. It provides a comprehensive showcase of my work and skills.	
Restaurant Python	2024
• This Python project simulates an interactive, burger and drink ordering system for a restaurant.	
Hotel Management System SQL	2024
• Developed a hotel management system using SQL, focusing on efficient guest registration, room allocation, payment processing, and staff scheduling. Designed and optimized relational databases to manage hotel operations, ensuring data integrity and streamlined queries. Implemented complex SQL queries to generate detailed reports on guest history, occupancy rates, and revenue.	

RESPONSIBILITIES

Group Leader, Department of B.C.A In my capacity as group leader of the Social Development group, I offer strategic leadership by steering the group's vision and objectives to align with institutional goals. Furthermore, I oversee curriculum management, actively developing and updating systems, and ensure the group's members' learning experiences.
